

567 Morris Avenue, Elizabeth, NJ

“ When I got to Bridgeway almost 50 years ago, we were operating in one location in the City of Elizabeth. We began serving the residents of Union County by providing vocational rehabilitation to folks whose lives were disrupted by mental illness.

Over the years, Bridgeway has expanded to serve individuals and families across northern New Jersey, with crisis services, community-based rehabilitation and support, and outpatient services with addiction treatment.

In 2025, we’re focusing our attention once again on Elizabeth to open the

Center for Outpatient Services and Substance Use Treatment.

It is unacceptable that families don’t have rapid access to the care they need. Our friends in Union County need us, and we will be here for them.”

The Next 50 Years Begin Here

With your help, we will be able to provide critical urgent walk-in care for individuals and families at 567 Morris Avenue in Elizabeth, by Fall 2025. Comprehensive outpatient services and substance use treatment will follow. But first we must renovate the building, providing waiting rooms, meeting rooms, and rest rooms for both adults and children. **That’s where you come in.**

Please contribute to the Capital Campaign to renovate 567 Morris Avenue, Elizabeth. The faster we raise funds, the faster we can open the doors and begin to change lives in Union County!

All donors who participate will be recognized on a plaque that will be installed in the building, and all will be invited to an exclusive Grand Opening celebration!

How to participate:
