PACT

Program of
Assertive
Community
Treatment

About Bridgeway PACT:

Bridgeway PACT teams provide integrated, comprehensive psychiatric rehabilitation services for people with serious mental illness.

Bridgeway PACT believes that everyone can recover from the effects of serious mental illness when flexible, recovery focused services and supports are available.

THE GOALS OF PACT INCLUDE:

- Teaching self-management of mental illness
- Promoting community integration
- Preventing unnecessary psychiatric hospitalizations
- Enhancing quality of life and achieving positive outcomes such as:
 - Paid work
 - Continuing education
 - Supportive network of friends
 - Positive family relations
 - Living alcohol and drug free

Features of PACT:

- **Hours per day/7 days per week availability of PACT team**
- **Individualized and flexible services mostly provided in the home or other community settings**
- **Medication prescription, administration education and support**
- **Rapid and flexible response to potential crisis**
- **Career counseling, job-seeking skills training and ongoing support to workers**
- **Dual Recovery Counseling**
- **Direct assistance with and teaching of critical life tasks (i.e. hygiene, cooking, budgeting, etc.)**
- **Assistance in developing peer and community social supports**
- **Partnership with family/significant others**
- **PACT services can be lifelong, if needed**

PACT Admission Criteria:

Candidates must be diagnosed with one of the following psychiatric diagnosis:

Schizophrenia/other Psychotic Disorders (298.9)
Major Depressive Disorders (296.xx)
Bipolar Disorders (296.xx, 296.89)
Delusional Disorders (297.1)
Schizoaffective Disorder (295.7)

and have one of the following (within the prior 18 months)

1. Two or more State Hospitalizations;
2. One State Hospitalization with one or more other psychiatric hospitalizations;
3. One State Hospitalization with multiple screening center episodes;
4. Two or more STCF and/or County Hospital admissions;
5. One STCF or County Hospital admission with one or more psychiatric hospital admissions;
6. One STCF or County Hospital admission with multiple screening center episodes;
7. Two or more involuntary psychiatric hospital admissions at private psychiatric hospitals

And PACT candidates must have demonstrated lack of benefit from or choose not to participate in intensive ambulatory or residential mental health services for at least six months living in the community.

PACT accepts referrals in Union, Warren, Hunterdon, Hudson, Somerset, Passaic, and Bergen Counties. Please contact the Team Leader in your county to obtain a referral form or to set up an appointment to get more information about our program.

The PACT Program enables people to manage their mental illness and live as independently as possible by empowering them to take responsibility for their own rehabilitation and ownership of their recovery journey.
