Referrals accepted beginning October 4, 2021. Please call for information.

As we build capacity and customize a permanent location for Bridgeway's Center for Integrated Behavioral Health Care(CIBHC) in Hudson County, the list of services provided will gradually expand. Currently, in our temporary location, the following services can be provided:

- Same day/rapid access to mental health services for individuals aged 16 and up
- Same/day rapid access to substance use services for individuals aged 16 and up via telehealth, with referrals made to one of our collaborating partners for Medication-Assisted Treatment
- Case management services for individuals aged 16 and up
- Physical health screenings for individuals aged 16 and up with referrals made to one of our collaborating partners for medical follow up services
- Care coordination for individuals aged 16 and up

Once we are in our new and permanent location, our multidisciplinary team will be able to provide all these services for individuals younger than 16 and across the entire developmental lifespan and will also be able to provide medication-assisted treatment for primary substance use in our permanent location. Being able to provide all these services in a single location will create a "one-stop shopping" opportunity for residents of Hudson County to access care for the whole family

Services provided through the Hudson County CIBHC and partnering providers include:

- Crisis mental health services including crisis stabilization and de-escalation
- Same Day/Rapid Access to services 24/7 on-call availability after hours

Walk-ins are encouraged during CIBHC hours of operation, We accept Medicaid, Medicare, and many third party insurers. Individuals who have no insurance will be seen, and no one is ever turned away based on ability to pay. We also provide assistance in paying for medication for those who are not able to pay, and we will refer individuals to prescription assistance programs so they have a way to pay for their medications going forward. We also will provide bus and light rail passes as needed to individuals to assist them in getting to their appointments, while at the same time referring individuals to transportation programs so they can receive this assistance on an ongoing basis. Many of our staff are bi-lingual Spanish speaking, and additionally we have a language line available so no one will ever be turned away due to language.

**The Center for Integrated Behavioral Health Care is a Certified Community Behavioral Health Clinic
