

*The 373 Clermont Terrace is
much more than just a
building. It's an investment in
the health of our community.*

Your Support is Key

That's why we are asking you to be a Founding Donor.

Please consider a donation to name one of our spaces for your organization. Your contribution will help Bridgeway maintain critical services by supporting equipment purchases and maintenance of key program and administrative spaces.

As a Founding Donor, you will make a statement about your commitment to your community. Please talk to us about how Bridgeway can celebrate your role in helping us grow and serve exponentially greater numbers of people.
